Connecting industries for a sustainable future - IFAT Africa 2027

IFAT Africa 2027, taking place from 6–8 July 2027 at the Gallagher Convention Centre in Johannesburg, South Africa, is the leading trade fair for water, sewage, refuse and recycling technologies in sub-Saharan Africa. The event serves as a premier business platform, connecting international technology providers, regional industry leaders, government authorities, municipalities, and key decision-makers.

The exhibition will showcase innovative solutions across water and wastewater treatment, waste management, recycling, resource recovery, environmental monitoring, and sustainable energy from waste. Alongside the exhibition, IFAT Africa will feature expert-led conferences, technical forums, and networking opportunities that promote knowledge exchange and collaboration on the region's most pressing environmental challenges.

As a gateway to the African environmental technology market, IFAT Africa 2027 offers exhibitors and visitors an excellent opportunity to explore new business prospects, discover cutting-edge innovations, and contribute to sustainable development across the continent.
